WARNING

This announcement does not constitute an offer to sell, or an invitation to offer or to buy or subscribe for any existing or new shares (the “Shares”) of Unifiedpost Group SA (the “Company”) referred to in this announcement. An investment in the Shares involves substantial risks and uncertainties. Prospective investors need to base their investment decision on the prospectus published by the Company in connection with the listing of its Shares on Euronext Brussels (the “Prospectus”), as approved by the Belgian Financial Services and Markets Authority (the “FSMA”) and particularly, the risk factors, set forth therein, including the risk that (i) Unifiedpost faces significant competition from both established and new companies with similar strategies or similar offerings of products and services, which may limit Unifiedpost’s ability to increase revenue, maintain or increase customer renewals and maintain prices, (ii) Unifiedpost’s strategy of growing its business organically and adding more SME customers to its Business Ecosystem solutions is highly dependent upon Sponsors and may prove unsuccessful, including as a result of the more complex and unpredictable sales cycle and roll-out for SME customers, (iii) Unifiedpost may fail to effectively cross- or upsell higher margin products and services to existing and new customers, (iv) If Unifiedpost does not continue to acquire new businesses, it may not continue to grow its business at similar rates, (v) In the opinion of the Company, Unifiedpost does not have sufficient working capital for its present requirements for the 12 months following the date of the Prospectus. To the extent Unifiedpost would not be able to attract sufficient new funds (beyond its existing cash and cash equivalents), it expects to run out of working capital by January 2021 (with a shortfall of €1.4 million). Assuming Unifiedpost maintains its current strategy and development activities, the maximum working capital shortfall in the 12 months’ period following the date of the Prospectus, assuming that Unifiedpost is not be able to attract additional funds, is estimated to amount to approximately €6.5 million at 30 September 2021. Assuming the completion of the Private Placement, Unifiedpost is of the opinion that the amount of the net proceeds of the Pre-Commitments (i.e. approximately €97,653,204 (assuming a USD to EUR conversion rate of 0.8409 as per 15 September 2020 – Source: European Central Bank)), together with its available cash and cash equivalents, will provide sufficient working capital to meet its present requirements and working capital needs for a period of at least 12 months from the Closing Date, (vi) Unifiedpost has a history of negative net-equity (at a consolidated level) and breaches of financial covenants under its Acquisition Facility, (vii) Unifiedpost has incurred operating losses, negative operating cash flows and an accumulated deficit and may not be able to achieve or subsequently maintain profitability, and (viii) in case of bankruptcy, shareholders may not be able to recover their investment in whole or in part, given that Unifiedpost’s goodwill and intangible assets represent a material part of its assets and that Unifiedpost has a significant debt. All of the risk factors set forth in the Prospectus should be considered before investing in the Shares. Prospective investors must be able to bear the economic risk of an investment in the Shares and should be able to sustain a partial or total loss of their investment.
